FOR THEIR HERO DEAD.

EXERCISES IN BELFORD'S NEW MEMORIAL PARK.

Respect Paid to Dead and Living Heroes of the Late War and to Grand Army Veterans—Large Attendance at the Exercises.

Belford, with a dual celebration Friday, paid its respects to those who gave their lives in the late war and to "the boys of 1861" who fought to preserve the union.

Belford celebrated the occasion in a whole-hearted manner which showed its high esteem for the living and dead heroes of the nation's last war and of the war of the rebellion.

Special invited guests occupied seats on a platform at the park. Soldiers of both wars were among the guests and while the spectators showed their pride in both classes of veterans who were the chief center of attraction.

The exercises opened with a patriotic song by the school children, followed by a prayer by Rev. C. S. Fees of Belford.

John Enright, assistant state commissioner of education, commended Belford for its public spirit. He said it was a gathering distinctly American and that so long as the spirit which pervaded that assemblage was general throughout the land no one need fear that the nation would lack defenders in time of need.

Miss May Thompson of Fordham spent part of last week with Miss Genevieve Jackson.

Rev. Joseph McKee, a missionary priest, conducted a successful mission at St. Agnes' church last week. Every service was largely attended.

On Monday morning Father McKee celebrated mass at five o'clock for the rector and members of the parish who have died. The church was packed at this service. Three masses will be celebrated at St. Agnes' church on Sunday mornings during June, the hours for these masses being at six, eight and ten o'clock. Starting in July an extra mass will be celebrated at nine o'clock. The schedule of four masses will be in effect until fall.

MIDDLETOWN VILLAGE NEWS.

The Stork Pays Two Visits to This Place—Lee Davis at Camp Dix.

The stork flew to this place Saturday and left a baby girl at the home of Mr. and Mrs. William Luffbarrow. It was the first visit to that home. On Monday the stork was here again, this time bringing a baby girl to the home of Mr. and Mrs. Theodore Eggertson, who are now Lee Davis arriving in this country from France Thursday and he is now at Camp Dix awaiting his discharge from the army. On Sunday John J. Massey took a party of Mr. Lee's relatives and friends to the camp by automobile. Others beside Mr. Massey who made the trip were Mrs. Davis, Mrs. Joseph Hankins, Mrs. John J. Massey and Miss Freda Niensstedt.

Miss Grace O'Brien of Leonardo spent Saturday and Sunday with Mrs. Jacob Dickenson.

John Evans of Trenton was a week-end guest of friends here.

The Reformed church received three new members Sunday, they being Clifford Cook Cooper, Mrs. John Pease and Henry Gregory Gulick.

The subject Sunday morning will be "The Comfort of Our Faith." At night the topic will be "Progress."

Mrs. Ella Wyckoff will lead the Christian Endeavor meeting. The young people will meet for music practice tonight, at which time a talk will be given by Lee E. Cahn of Freehold.

Miss Marion Dickenson has graduated from Ballard's business college at New York. She is taking a month's vacation.

The automobile traffic through this place on Decoration day was tremendous. The two tea rooms, the hotel and the garage did a rushing business all day and late into the night.

Many of the farmers are having their produce shipped in automobile trucks, which are provided by commission merchants. The shipments from the station have fallen off considerably.

A new roof has been put on Asher Erving's blacksmith shop and other improvements have been made. W. W. Zimmerman did the work.

Misses Biss and Anna Mulce of New York were visiting Mrs. John J. Massey from Friday until Sunday.

Miss Elsie Porter, who is nursing an invalid at Shrewsbury, spent Sunday with her mother, Mrs. Robert Porter. Mr. and Mrs. Charles Shepp of New York were also with Mrs. Porter over Sunday.

Enroll Silver, who recently enlisted in the army, has arrived in France.

Outdoor Drills, Exercises and Plays by School Pupils.

About 35 grown up persons witnessed an outdoor entertainment given by children on the school grounds Thursday. The parts were well taken and the pupils as well as the teachers who drilled them were the recipients of many compliments. A ribbon dance and drill was given by Elizabeth Curley, Elizabeth McClees, Ruth Tilton, Phyllis Conover, Catherine Warner, Helen Conway, Edna Check, Marion Snedeker, Eleanor Crawford, Norma Houser, Bessie Thorne and Cora Gunkel. A flower dance was given by Anna Curley, Eleanor Bray, Margaret Ely, Mary Tilton, Edna Ritter, Viola Houser, Dorothy Thorne and Elsie Holden. Ten boys gave a drill, they being George Wilson, Melvin Stout, Edward Barke, Everett Thorne, Stokes Schenck, Wilfred Wilson, Cecil Holden, Walter Check, Albert Bennett and Frank Wagner. A play entitled "Dr. Brown" was given with George Ely taking the leading part. His patients were Dorothy Thorne, Viola Houser and Gertrude Ritter. A concert recitation was given by Lawrence Roberts, Inez Wilson, Elizabeth Sulphen, Margaret Sulphen, William Schenck and Arnold Conover. Recitations were given by Bessie Thorne, Samuel Barber, Elsie Orley, William Rogers, Anna Laura Holmes and Albert Bennett.

The strawberry festival for the benefit of the Reformed church Wednesday night was largely attended by folks from all over the county. It is an annual affair and financially and in every other way it was one of the most successful festivals ever held by the church. The receipts amounted to \$124 and the profits were over \$70.

An automobile driven by a woman ran into the gasoline tank in front of Hance's store Friday afternoon. Both the tank and the car were damaged but no one was hurt. The driver of the car lost control of the machine while turning from the Keyport road into the Marlboro road.

Catherine Warner, Melvin Stout, Wilfred Wilson, Phyllis Conover, Everett Thorne and Alice Willey will graduate from the public school, which will close Friday of next week.

John Mount has recovered from typhoid fever and is around again.

Edward Heyer is at Camp Merritt awaiting his discharge from the army. He was about the first Holmdel boy to be sent "over there" and he probably saw more fighting than any other resident of this place.

Services were not held at the Reformed church Sunday, as the pastor, Rev. Wilmer MacNair, is away on a vacation. During the remainder of the month the pulpit will be filled by visiting clergymen.

All day long the cemetery was thronged with folks on Memorial Day. The decorations on the graves were more elaborate and numerous than ever before. The graves of veterans were decorated by Grand Army men.

Charles Gahler has been mustered out of the army.

For many years a very old-fashioned safe had been standing unopened in the Heyer building, which is used by Robert R. Voorhees as a garage. The key to the safe had got lost. Impelled by curiosity Mr. Voorhees, in the presence of a number of his friends and neighbors, pried the old safe open last week. The only things in it were some insurance papers which had belonged to the late Capt. John Henry Heyer.

COLT'S NECK NEWS.

Dominic's Wonderful Garden—Strawberry Festival.

About the finest garden anywhere in these parts is that of Rev. Daniel P. Doyle, the new pastor of the Reformed church. All of the parsonage land except the lawns are tilled and the vegetables are well advanced. Mr. Doyle puts in most of his spare time tending to his garden and he has proved himself to be equally as adept in cultivating vegetables as he is in drawing lessons from the Good Book.

Everything is in readiness for the annual strawberry festival of the Reformed church tomorrow night. A large attendance is anticipated if the weather is good and a big quantity of cuttings fresh from the farm is being laid in for the guests.

There was no special event to mark the celebration of Memorial Day at this place. Many residents went to the races at Freehold, but their absence was more than offset by visitors who came here to decorate graves. The cemetery was thronged all day.

Mrs. Walter Fields continues to improve. She has been sick three weeks.

The Atlantic township committee met Saturday and paid a number of road bills.

Mrs. Crappo of Ocean Grove, formerly of this place, has been visiting Mrs. Thomas L. Wolcott.

The taxpayers of Atlantic township are paying their taxes promptly, despite the inconvenience of the new law which requires taxes to be paid semi-annually. Very little returns have been received from crops so far, while the expenses are heavier than at any time of the year. In spite of all this most everybody has paid the taxes, which betokens an unusually high standard of prosperity in this community.

Miss Catherine Desmond has informed the township school board that she will not teach at Montrose next season, as she has accepted a position to teach elsewhere at a higher salary.

Warren Snedeker is recovering from sore throat.

John Patterson has bought Fred L., a race horse which was owned by Luther & Stapleton of Red Bank.

A class of about 35 children from this township will be confirmed tomorrow afternoon at St. Rose of Lima church at Freehold.

EVERETT NEWS.

Joseph Bishop Here Friday on a Pass from Camp Dix.

Joseph Bishop, who was captured by the Germans and reported dead, was here Friday on a pass from Camp Dix. He looks better than he ever did in his life and is far from being the corpse which the false reports made him out to be. He will be mustered out of the army in a few days.

Mr. and Mrs. William Brown of Red Bank spent part of last week with Mr. and Mrs. Frank Huley.

Miss Rachel Stilwagon, Charles Stilwagon and Miss Helen Viering spent Memorial Day at Lakewood. With them was Leon Smith of Long Branch, who was a guest at Mr. Stilwagon's part of last week.

Mrs. John Smith spent part of last week with her mother, Mrs. Murray of Kenningburg.

Leo Markstein entertained relatives from New York last week.

Mrs. Raymond Molzen will return Saturday from a long visit with relatives at New York.

TOWN TALK.

Persons who want foreigners barred from entering this country seem likely to have their desire realized even though laws stopping immigration have not been passed.

While the war was on, the prediction was frequently made that there would be a general rush of Europeans to this country.

Most of the persons who will return to Europe have done well in this country. Some of them are men who have acquired enough money to retire and spend their old age in their native land without being compelled to work.

The hot, humid weather of the past few days is not without its compensations. It was so uncomfortable at the town hall Monday night that the commissioners dispensed with their usual lengthy pow-wow and cleaned up the town's business in less than half an hour.

At the Memorial Day exercises at Belford Park, Rev. William C. Stinson, pastor of the Red Bank Presbyterian church, defined Americanism as the right attitude toward America.

This is good, one hundred per cent American talk. It is particularly appropriate talk just now, while French in the minds of the people are the deeds of the soldiers and sailors who won new glory and renown for the United States in the late war.

A man is what he is, not what his ancestors were. The war has shown the fallacy of the belief that old American families are of higher quality or possess greater virtues than those who have more recently come to America.

All of the people of this country except the Red Indians are immigrants or the descendants of immigrants. All of them came here to better their condition.

Manhood is the real test of worth. And manhood is as likely to be found in the latest immigrant to this land as it is to be found in the descendants of the first immigrants who settled here.

CHANDLER SIX \$1795

Come and See the New Chandler Touring Car

Most Beautiful Big-Car Offering of the Season, and the Price is Only \$1795

THE new Chandler touring model is here. We have waited for it. Old Chandler owners have waited for it. It's here now and we are all proud and happy.

The Chandler of the past has had splendid bodies, but the new Chandler touring car even surpasses its immediate fore-runner in beauty of line, in bigness, in comfort of its cushioning, in the nicety of its custom-like workmanship and in its lustrous finish.

The new Chandler Touring is a big car. Its high hood and radiator, its broad cowl, its wide and deep doors give it distinctive appearance.

And it RIDES,—it rides like a dream

Nothing has been cut out to permit the delivery of this fine big touring car at the Chandler price. Indeed, many little details of nicety are added. The back curtain window is beveled plate glass. The clear-vision side curtains fit snugly and open with the doors. There are detachable rear quarter-bow curtains. There are outside door handles.

Features which have been standard Chandler qualities in the past are continued. The cushions are upholstered in genuine hand-buffed plaited leather. The front compartment floor boards are covered with heavy gray linoleum, aluminum-bound. The two comfortable auxiliary chairs fold away, entirely concealed, when not in use.

Carrying this Handsome Body Is the Famous Chandler Chassis

You will choose the new Chandler touring for its bigness and its comfort and its handsome dignity. But you will choose it, too, for its mechanical excellence. Fifty thousand Chandler owners know, better than we can tell you, what a good car the Chandler is. The famous Chandler motor and the sturdy excellence of the whole chassis make the Chandler notable among fine cars.

The Chandler continues for 1919 all its distinguished mechanical features; solid cast aluminum motor base extending from frame to frame, silent chain drive for the auxiliary motor shafts, annular ball bearings, Bosch Magneto ignition and many other features of design and equipment characteristic of the highest-class motor car construction.

"My window shades always look nice."

Go to your windows now and examine your shades.

See if they are specked with those tiny holes and little ragged cracks that do so much to mar the looks of your windows. In shades made of

Brenlin

the long-wearing window shade material

you will find the great fault of the ordinary shade overcome. It is made of a closely woven cloth without that filling of chalk which in the ordinary shades soon cracks and falls out in unsightly streaks and patches. Sun won't fade it—nor water spot it. Made in many rich, lustrous tones and in Brenlin Dimple—one color on one side; a different one on the other.

VICTORY ANNOUNCEMENT

More Mileage Adjustment on Goodrich Tires

Fabrics - 6,000 Miles Cords - 8,000 Miles

TO automobile owners and
drivers—to Goodrich Dealers
—the B. F. Goodrich Rubber
Company herewith declares a
more-mileage adjustment on
Goodrich Tires—6,000 miles for
SAFETY TREADS, and 8,000
miles for SILVERTOWN CORDS.

Fix these new Goodrich Adjustment figures
firmly in your mind—6,000 miles for SAFETY
TREADS—8,000 miles for SILVERTOWN
—instead of the 3,500 and 5,000 miles
respectively heretofore in force.

This new adjustment stands back of all Good-
rich Tires, including Tires already purchased
in the hands of user or dealer.

Goodrich Tires in actual usage are today un-
folding such matchless mileage, regularly in
excess of adjustment basis, that Goodrich
knows it has the strongest, most durable
tires the rubber industry has produced.

The Goodrich adjustment mileage is increased
because Goodrich knows the mileage in its
tires, and it wants to give every motorist a
share in their economy.

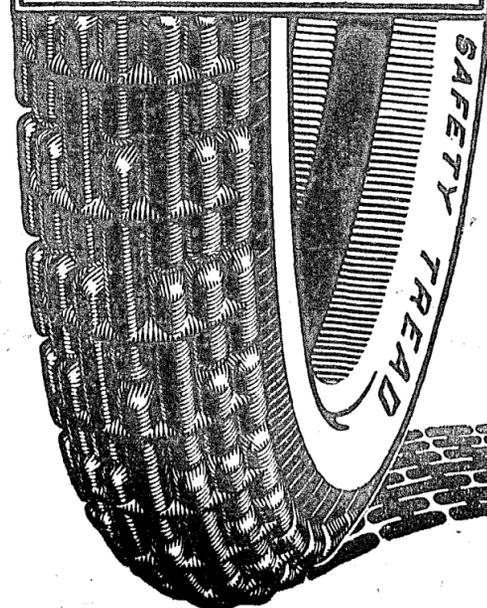

Go to a Goodrich Dealer, and buy a Goodrich
Tire, sure that with fair and square usage
a Safety Tread will render you at least 6,000
miles; and a Silvertown Cord at least 8,000.

A Dry Cellar—Yet a Cool One

A warm cellar is a poor storehouse. That's why vege-
tables and other foodstuffs cannot usually be kept in the
basements of homes heated by the old style pipe furnaces,
or the more costly systems. The

Home Ventilator Furnace

The Original PATENTED Pipeless Model
Manufactured only by the HOMER FURNACE CO., Homer, Mich.
will radiate enough heat to keep the cellar free from
dampness, but will not detract from its natural coolness.
Vegetables can be stored with perfect safety.

Heat is not wasted with the "Home Ventilator." The
scientific principle of design and operation sends all heat
units through the combination hot- and cold-air register,
and from there it is evenly distributed throughout the house.

Clean, simple and safe. Doesn't waste space and
doesn't necessitate a big installation cost. We can equip
your residence with a "Home Ventilator" in a few hours,
for a little more than you would pay for a good base
burner. Ask us for more information.

You cannot be a lover of the beautiful and not enjoy a visit to our Furniture Department. The rich rubbed and varnished surfaces, that bring out the beauties of those woods we love so well, such as mahogany, walnut, oak and birch and hand illuminated decorations—soft, glowing colors that modernize our homes and yet add an air of Old World dignity and charm.

Many of our homes were furnished at a period when American furniture productions were far from artistic. These homes are now being re-furnished and decorated in accordance with the modern trend. To go for this work to a store that had not caught the modern trend would be to repeat all mistakes anew. Steinbach's can assist you in furnishing your home so that long cherished ideals will take concrete expression. Whether it's a new home or an old one our service will be equally valuable. We are glad to give specific information and have a representative call upon you for consultation.

We specialize in the furnishing of houses, bungalows, hotels, boarding houses, restaurants, business offices, public institutions, etc.

ROTHAPFEL

UNIT PROGRAM

Complete from Overture to Final Curtain

"The Quality Entertainment of the Screen"

MUSIC

The Overture will be a compilation and special arrangement by Mr. Rothapfel of the themes and motifs from the score. Special music for the entire program.

PROF. HAROLD LAROS' ORCHESTRA

MAGAZINE

Containing an exclusive series of interesting subjects and novelties conceived by Mr. Rothapfel and contributed by the famous artist, Howard Chandler Christy, Maj. T. G. Sterrett, Sergt. Owens, Stewart C. Whitman, Editor of "Everybody's", and others. This magazine can truly be called the "Saturday Evening Post of the Screen," and will be a feature in itself.

NOVELTY PRELUDE

A picturized interpretation of "The Elegie" by Massenet, suggested by Mr. Rothapfel, which has been titled "His Final Hour." The musical accompaniment to this novelty is a specially arranged paraphrase on "The Elegie." J. H. Gilmore, formerly Maud Adams' leading man, leads the cast of players.

DRAMATIC FEATURE "FALSE GODS"

The first production will be from an original story by an eminent playwright, the theme of which is based on the pursuit of happiness. Great care has been used in selecting a cast of recognized players to typify the characters and at the same time to artistically and faithfully portray their respective roles.

COMEDY

The comedy "Wild Flowers," conceived by Mr. Rothapfel and fashioned by George V. Hobart, America's most successful comedy playwright, is one of the most novel ideas ever created, original in theme, treatment and effect. Throughout the picture there are no "spoken titles," which means the comedy is derived from the action and not from numerous sub-titles. The cast includes Helen Weer, who played "Jennie" with David Warfield in "The Music Master," Yvonne Sheldon of the Ziegfeld Follies, and the noted farceurs, Templar Saxe, Walter McEwen, A. J. Herbert and Eugene Acker.

In its entirety the Rothapfel Unit Program exemplifies the motion picture in its most artistic phase, and gives to the world in realistic form the cherished dreams of a practical idealist.

TROOPERS MUSTERED OUT.

FORMER RED BANK CAVALRY MEN DISCHARGED TODAY.

They Are Due to Arrive Here From Camp Dix at Four O'Clock This Afternoon in Automobiles—No Parade Will Be Held.

The members of the troop were mustered out of the army today and automobiles procured by the Red Bank welcome home committee are now on their way to Camp Dix to bring the boys home. The automobiles are due to arrive in town about four o'clock this afternoon. No formal celebration will be held today, but a champagne or some other social function will be given for the boys later.

About 25 members of the 112th heavy field artillery, who were formerly members of the Red Bank cavalry troop, visited their homes at Red Bank on Sunday. They arrived in this country from France about two weeks ago. They landed at Newport News and went to Camp Stewart, Virginia. From there they went to Atlantic City, where they paraded last Thursday. From Atlantic City they were sent to Camp Dix. They got there Friday. Saturday afternoon a number of them got passes permitting them to come home. They came by automobile, jitney and train. They went back Monday morning and were taken to camp in automobiles owned by residents of Red Bank and vicinity. They were told of the proposed parade and celebration which was awaiting them on their return to Red Bank and almost all of them said that they did not want any parade—that what they wanted was to get out of their uniforms and get back to their old-time work as soon as possible.

When Battery F embarked for France last June it was in command of Capt. Samuel R. English of Camden. He was transferred while in France and Capt. Steelman of Atlantic City was put in command. The battery was composed mostly of New Jersey boys, including the members of the Red Bank cavalry troop. The other members were from the surrounding states and some were from the far West. Six members of the battery died from pneumonia in France. The members of the troop who served overseas in the battery were as follows:

- Red Bank—Ernest H. McQueen, Vernon S. Rose, Wellington W. Kennedy, Jr., Aaron Dixon, Floyd M. Inley, George G. Ross, Frank Brown, Fred G. George, Frank G. Gorman, Robert Trautman, John A. Egan, Joseph D. Star, Thomas W. Devereaux, George A. Ford, Edward J. Cavanaugh, Oscar Frank, Frank Weber, Samuel Hoffman, Albin Van der Grinten, Robert G. Gorman, George T. Hook, Burton Chamberlain, John Michael J. Dougherty, John G. Schaefer, Herbert J. Borden, Oscar A. Borden, Eugene J. Ferguson, Red Haven—Edward B. Schumann, Raymond Alfred R. Brighton, Richard E. Gorman, M. C. Gorman, Navalist, Lloyd I. Siches, Atlantic Highlands—Raymond W. Irwin, Harry V. Smith, John W. Gorman, H. Gorman, Ambrose E. Lining, Harry E. Schmitzer, Leonard Howard E. Roop, Anthony J. Kendra, Bedford Daniel P. Finnegan, Keyport—John G. Matthews, Matthew H. Walker, Volney Davis, John J. Campbell, John N. Britton, Matawan—Arthur W. Stilwell, Hugh D. Brown, Freehold—John H. Gray, William N. Crawford, Lehighstown—Harold M. Holmes, Long Branch—Joseph W. Sheum, Philip Schmitt, Jr., James A. White, Jr., Keyport—John G. Matthews, Charles H. Norman, C. Smith, George L. Yumek, Herbert A. Miller, John L. Passells, William P. Gorman, Harold G. Gorman, Arthur M. Gorman, George G. Gorman, Jr., Asa J. Jr., Bradley Beach—Frank F. Allen, Turner R. Gattardo, Arthur L. Smith, Ocean Grove—John G. Gorman, Arden M. Sperring, Atlantic Highlands—William G. Johnson, Richard G. Johnson, William H. Brown, Robert G. Gorman, E. L. Doodson, New York—Ned C. Birelow.

In France several members of the troop were transferred. Henry A. Feeney of Oceanic was transferred to the police company of the Eight Army corps. Felix Stangel of Red Bank was transferred to the supply company, George H. Asay, Jr., of Ocean Grove was transferred to the service of supplies branch, and Albert C. VanNess of Red Bank was put in the depot brigade. John H. Gray of Freehold entered an officers' training school in France, was commissioned a second lieutenant and was put in the 90th division. Harry Schmitzer of Highlands enlisted as a worker for the young men's association after the armistice and he remained in France. Paul Stengel of Keyport, Hugh Irwin of Matawan, Frank Galtman of Red Bank, Harry V. Smith of Atlantic Highlands, Ambrose E. Lining of Highlands and R. Trafford Many of Red Bank returned to this country ahead of the battery as casuals. Edward J. Cavanaugh and Joseph W. Sheum of Long Branch were left in France. Cavanaugh was sick in a hospital with appendicitis and Sheum was taken sick at Vannes. Raymond Irwin of Atlantic Highlands was placed in the hospital at Camp Stewart, Virginia. He was taken sick on board the ship returning home.

POLITICS IS WARMING UP.

LIVELY INTEREST TAKEN IN REPUBLICAN NOMINATIONS.

A Lot of Men Each Want to be the Republican Candidate for Governor—A Struggle for the Republican Nomination for County Clerk.

Politics in Monmouth county is becoming very exciting, even if the primaries are only four months off and the election five months away. A governor of New Jersey is to be elected the coming fall and that is to be the chief office fought for throughout the state. The state has had a Republican governor for the past three legislatures. Previous to that the Democrats had a governor for two terms. Before that the Republicans had had the governor for several terms.

A lot of offices in every county in the state are given out by the governor. When the Republican governor is elected, the county judges, the assistant prosecutors, the district court judges, and a whole raft of other offices. When the Democrats won the governorship nine years ago and held it for six years all the Republican job holders were bounced out of their jobs and Democrats were put in. When Walter E. Edge was elected governor three years ago he promptly applied the axe to the necks of every Democratic officeholder he could reach. A few Democrats had been appointed for terms which reached beyond Edge's administration and these still hold on to their jobs.

But if there were a few Democratic officeholders who could not be fired out of their jobs by Governor Edge, he made up for it several times over by creating a host of new offices which he filled with men who would help him in his political schemes. More offices were created during his administration than during the term of any previous governor of the state. This has made a great throng of officials to whom the people are paying big salaries and who naturally want to hang onto these jobs. To enable them to hang onto these jobs a Republican governor must be elected the coming fall. That is the chief reason why politics in Monmouth county is so enlivening and so diverting just now.

Some of the best jobs in Monmouth county are held by Democrats whose terms have not yet expired. These terms will expire next year. Among these offices are the county judgeship, the county prosecutorship and the assistant prosecutorship. There are probably half a dozen aspirants for each job, each of whom believes he will be the fortunate one if a Republican governor should be elected.

The Republicans in the state are in a heap of trouble over their candidate for governor. The man who is regarded as having the best chance to be nominated is Newton A. M. Bugbee. He was chairman of the state Republican committee during the time Walter Edge was governor and he is regarded as the man who ran the Republican machine for Edge which Edge wanted. Edge gave Bugbee a mighty fine job for himself. If Bugbee should be nominated and elected it is taken for granted that all the Republicans who are now holding down good jobs will be reappointed, for it is not thought that any appointments would have been made by Governor Edge without the approval of the chairman of the state Republican executive committee. The support of the present huge force of Republican officeholders gives Bugbee a big advantage in his primary campaign.

But this cuts two ways. If all the Republicans now holding down their jobs are to be reappointed, then there is no hope for any other Republicans, except in those few cases where Democrats have not yet been fired out and Republicans put in. Politicians play the political game for what there is in it for them. They see that there are where they are to get something good for working for Bugbee, they are likely to go and play in some other candidate's yard. There are usually half a dozen statesmen after every job, and the five statesmen who want a job and didn't get it very seldom do much work for the man who didn't remember them when he had a chance to do it.

Thomas L. Raymond of Newark is another Republican candidate for governor. He is in the northern part of the state and he is generally regarded as the man who will get the nomination. He is expected to carry Hudson, Essex and Union and Passaic counties by big majorities and to get a large vote in the rest of the state. If this belief should turn out to be true there would be nothing but Raymond in the returns when the primary votes were counted. Raymond will also probably be supported by most of the Republicans in the state who wanted a political appointment and who didn't get it.

Thomas P. Fay of Long Branch will be a candidate for the Democratic nomination for senator. There may also be other candidates but they have not come to the front yet. Thomas Lloyd Lewis of Ocean Grove expects to be the Republican candidate for senator. The senatorship and the assembly excite only a languid interest on either side at the present time. It is said that Dallas G. Young is to be a candidate for county clerk. One of these is Robert C. Thompson of Wall Township and the other is Cornelius B. Barkalow of Freehold, who was sheriff preceding Elmer H. Geran. The Democrats believe that with either of these men they can easily win the county clerkship. These men have not yet begun an active campaign for the nomination.

SAISFACTORY SERVICE.

This is the Spirit in Which Our Business Has Grown.

The word Service as defined by the Standard dictionary under the revision of last year says that "service is any work which is performed for the benefit of another." Our business was planned in the spirit of service. We would conduct a profitable business only in so far as we are organized for service. We must perform a benefit to our customers or we cannot succeed. We must be giving service as our business has grown to be the largest of its kind in Monmouth county. We want you to appreciate the inexorable law of satisfaction which always accompanies our advertisements. We are pleasing hundreds of satisfied customers and earnestly desire to add your name to our list. If we have not been favored up to this time, we specialize in the cleaning, pressing, repairing and dyeing of garments for all members of the family and there's many a household article that we can make look like new. BOY SCOUTS DROWNED.

DOUBLE TRAGEDY AT RED BANK SATURDAY.

John Brunckhorst of Long Branch and His Cousin, Alfred Kausch of Brooklyn, Were the Victims—Double Funeral Held Today.

Two boy scouts were drowned Saturday afternoon in the Shrewsbury river at Red Bank. The victims were John M. Brunckhorst, thirteen years old, son of John Brunckhorst of Long Branch; and Alfred Kausch, fifteen years old, son of Mrs. Anna Kausch of Brooklyn. Kausch lost his life in a heroic attempt to save Brunckhorst. The boys were cousins. Kausch went to Long Branch last Thursday for a visit. The two boys came to Red Bank to take part in the scout rally on Throckmorton field. Shortly after dinner on Saturday they asked permission to take a swim. They were told they could walk to the river shore if they wished to. Brunckhorst and Kausch started for the river with two other scouts, John Avelin and George Holmes, both of Long Branch. They found a convenient shore. The desire to take a swim became strong and they got in the boat and rowed out to near the middle of the river. Brunckhorst had a bathing suit on and he dove in first. He went on in the water long before he appeared to be in distress and he sought for help. Kausch went to the rescue but Brunckhorst got hold of him and both disappeared beneath the surface. Clark Wortley saw the struggle and he leaped to the spot in his boat but the boys had gone down before he arrived.

The body of the Brunckhorst boy was the first to be recovered. It was found by Ferdinand White after it had been in the water about a half an hour. The water was about eight feet deep where the boys were drowned and Mr. White recovered the body with a net of oyster tongs. A few minutes later Mr. White raised the body of Kausch. Drs. G. Van Vorst Warner and R. Bowdoin Wilson had been called in the meantime. They and the White brothers and Dr. William R. Laves and Chief Harry Clayton worked over the bodies with the aid of a luncheon for two hours but life could not be restored.

The bodies were removed to Coroner Werlein's morgue and were viewed there by County Physician Reginald S. Belmont, who issued a certificate that the deaths were due to accidental drowning.

TOWN TALK.

(Continued from page 4.) Edward L. Edwards, who is one of the candidates for the Democratic nomination for governor, is making his campaign quite different from that of some of the candidates for the Republican nomination.

Contrast this with what Mr. Edwards said at a recent meeting of Congressman Thomas J. Scully, who is Mr. Edwards's contestant for the Democratic nomination for governor.

"My friends, I have thus far indulged in a unique method of campaigning. At the present time I am opposed by the gentleman whose name I have just mentioned, the Honorable Thomas J. Scully. Mr. Scully is tonight in Washington doing his duty in behalf of his constituency. He will have no opportunity of meeting the Democratic voters during the campaign. His congressional duties require his remaining at the capitol. He realizes that his first duty is to his country. And I want to assure him that no one will be more pleased to present his claims for the nomination than myself. I have done it whenever I have had the opportunity and I intend to do it here tonight. Mr. Scully has countless claims for your consideration. He has been the mayor of his home city. He has been a congressional representative for five terms, winning in hotly contested fights. He has served with honor and distinction in the greatest legislative body on God's footstool—the great war congress of the United States. He has met every public duty as a safe, sane and patriotic American. He is an exemplar of the best there is in civics. His public career is without a stain. His name in business is a synonym of honesty and fair dealing. His probity has never been questioned. His claims for the Democratic nomination should receive your earnest consideration. If he is named I will go to the firing line in his behalf. I will be the first to enter the fight and I will be the last to retire."

Every man, Republican or Democrat, who lives in the Third Congressional district of New Jersey, knows that every word which Mr. Edwards said in regard to Mr. Scully is true. I have been familiar with politics in Monmouth county for fifty years or thereabouts, and in all that time there has never been a congressman from this district, Republican or Democrat, who has served the people of his district as well as Mr. Scully has done. He made himself the representative, not of a faction of his party, nor solely a representative of his party, but a representative of the whole people of his district. While in partisan matters he has acted as a Democrat and while the Democratic party, as a representative he has been active in everything which would help the people of his district. Especially has he been earnest in getting information and giving assistance to those whose sons were in the army or navy. In all this work there was no thought as to whether the individual concerned was a Republican or a Democrat.

Should Mr. Scully be nominated and elected governor, he would be as faithful, as earnest and as unselfish in his work in that capacity as he has been in his work as congressman from this district. He has been faithful in all the things which have been entrusted to his charge. He should be made ruler over many things.

SOLDIER BOY WELCOMED. Party Given for Osborne Harrison by His Grandparents. A welcome home party was given Tuesday night of last week for Osborne E. Harrison, who was a wagoner with the Red Bank ambulance company. The affair was given by his grandparents, Mr. and Mrs. George Woods, Jr., at their residence on Bridge avenue. The house was attractively decorated with American flags and the Rainbow division colors. A feature of the party was a large Rainbow cake, decorated with small silk flags, which were tied in clusters with rainbow colored ribbons. A cluster was given to each guest. Dancing was enjoyed and instrumental and vocal selections were rendered. Guests were present from Red Bank, Oakhurst and Long Branch.

Married Another Girl. Albert Kneip, son of William Kneip, an Asbury Park baker, has been made defendant in a \$25,000 suit for breach of promise brought by Miss Minna Schoendorf of Brooklyn. Miss Schoendorf claims that young Kneip courted her five years and was engaged to wed her last December, when he was married in Virginia. Kneip is serving in the army. The case will be tried in October.

Charles F. McDonald Injured. Charles F. McDonald of English-ton was taken to a New York hospital last week suffering from strained ligaments in his leg caused by a fall at Chicago. He was in Chicago attending a meeting of the national Democratic committee. The accident occurred in an elevator. Mr. McDonald was placed aboard a train and taken to New York.

DEAD COMRADES HONORED.

"BOYS OF '61" OBSERVED DECELRATION DAY. Members of Arrowsmith Post Made Their Annual Visit to the Cemeteries Around Red Bank—They Took Part in Parade Here. Civil war veterans paid their annual visit to the graves of their dead comrades on Decoration day. In Red Bank members of Arrowsmith post visited the cemeteries at Little Silver and at Shrewsbury in the morning, placing new flags and flowers on the graves of those who once opened a time fought by their side in the good fight to uphold the Union. In the afternoon a parade was held before going to Fair View cemetery. About fifteen veterans took part and most of them rode in automobiles. The few who did march walked with a steady tread in spite of their advanced years and the heat of the day.

High School Trimmed Atlantic Highlands Friday Afternoon. Red Bank high school won its eighth straight victory by defeating Atlantic Highlands high school last Friday afternoon on the Prospect avenue diamond. The score was 5 to 1. A holiday crowd witnessed the game, over 1,000 spectators being present. Red Bank got eight safe hits, including four two-baggers. William Clark knocked out two doubles and the other two-baggers were made by Leddy and O'Brien. Atlantic Highlands made four hits, including a two-bagger by Stryker. Leddy and Stryker each fanned seven batters. Red Bank tallied in the first, seventh and eighth innings while Atlantic Highlands scored its solitary run in the sixth. Last Wednesday Red Bank shut out Asbury Park high school on the Prospect avenue diamond by a score of 4 to 0.

A ONE-ARMED BALL PLAYER.

Scobeyville Produces a Physical Marvel on the Ball Diamond. The proverbial rivalry of many years' standing between the villages of Scobeyville and Colt's Neck is now finding expression on the baseball diamond. Teams have been organized in each village and the two nines crossed bats last week in a Sunday game in a field on James Higgins's farm at Colt's Neck. Colt's Neck was the victor, the score being 19 to 11. The Scobeyville aggregation is composed of about an equal number of white and colored boys and young men, one of the latter being John Jemerson, who has only one arm. He lost the other arm in an accident with a mowing machine when he was a boy. Jemerson, who is better known as "One-Arm Jack," put up a better game than any other man on either team, fielding perfectly and batting the ball hard.

MAKING GOOD ON BALL TEAM.

Harold Hurley Winning Fame on Naval Hospital Nine. Harold Hurley of Oakland street, who is stationed at the naval hospital at Portsmouth, Virginia, is the star first-base player on the hospital ball team. In a recent game the hospital team defeated an army team largely through the clever playing of Hurley. He was five times at the bat. He got a run, secured three hits, put out ten men and assisted in two put-outs. Hurley was one of the best players on the Red Bank high school team when he attended school here. He is also a good bowler, having made some high scores on Monmouth county alleys.

Young Phillips was employed by the company in the manufacture of explosives. Some of the chemicals got on his shirt sleeves and he was badly burned when his sleeves ignited at his home.

TROUBLE OVER SHOW CASE.

Quarrel Between Italians Winds Up in the Police Court. Petro Spagnuolo, a storekeeper on Oakland street, and John Allen, who boards with him, got in an argument Sunday, during the course of which they made many vehement gestures. One of the men struck a show case and broke it. Spagnuolo had Allen arrested on a charge of disorderly conduct. Allen said Spagnuolo was more to blame than he was for the argument. He also declared that it was Spagnuolo who broke the show case. Recorder Moses Johnson advised the men to settle their trouble by each man paying half of the damage. Spagnuolo was unwilling to do this and the recorder fined Allen \$1.

NEW DYING FACTORY.

MAX LEON MOVES BUSINESS TO LARGER QUARTERS.

He Has Leased the Susan Applegate Building on White Street for Ten Years—Addition Built and New Machinery Installed.

The building on the north side of White street, owned by Mrs. Susan Applegate of Sealright, has been leased for ten years by Max Leon, proprietor of the Red Bank steam dyeing works. Mr. Leon has moved his dyeing establishment to the building. Heretofore he has had all his dyeing work done outside of town, but at the new quarters he has installed machinery for doing this work. This new machinery, together with a large addition which has been made to the rear of the building, represents a cost of \$14,000. Mr. Leon will continue to keep his office at 24 West Front street, which is in charge of his wife.

The new plant is equipped with machinery of the most modern make and which is operated by steam power. Mr. Leon says he would be pleased to welcome visitors and show them about the plant. The machinery required to run an establishment of this sort is much more complicated and of much greater magnitude than most people imagine who are unacquainted with this business. It is designed to clean, press or dye any article, from the largest carpet to the smallest piece of wearing apparel. The amount of manual labor is reduced to a minimum, as can be realized when it is considered that one part of the dyeing machine alone will dye 100 garments in six hours. Another machine will clean and press 150 pairs of lace curtains in a day.

Mr. Leon was forced to move to his enlarged quarters by reason of his increasing business. He has used the advertising columns of the Register every week since he started in business here eight years ago and he attributes the constant growth of his business largely to this fact. He will increase the number of his employees to fifteen persons. Charles Wicks is superintendent of the cleaning and dyeing department of the plant and Samuel Cohen is in charge of the pressing department.
